TO THE TRADE.

During the past few weeks there has been in all the Eastern Markets a tendency to advance the price of Cotton and Woolen Goods, and many styles of both have already been advanced from 5 to 7 1-2 per cent. In view of this, we wish to call your attention to the fact that our purchases were all made prior to any advance and were so great in extent that we will be enabled to supply all demands for some time at old prices. We would also state here that our stocks are larger and more varied and complete than ever before, and at the same time remind the Trade that we are nearer to them than any other market, and that they can get goods from us at smaller expense than from anywhere else, and lastly, that WE GUARANTEE THE PRICE OF EVERY ARTICLE WE SELL TO BE AS LOW AS IT CAN BE BOUGHT IN THE UNITED STATES.

St. Paul, Minn, September 17.—Reports from Sterling, eighteen miles west, are that the farmers of that region lost everything. Passengers on to-night's eastbound train report to seeing ten to fifty stacks of wheat on fire at the same time near here. The losses in grain range from 100 to 300,000 bushels to each farmer. Mrs. W. L. Bedford, seven miles from here, inhaled flames while fighting fire and is in a critical condition. The fire is still raging, and it will probably cause a ill greater damage before it is extinguished.

London, September 17.—The lowness of silver is seriously affecting financial operations. The Vienna mint could clear 2 per cent. by buying silver abroad and coining florins.
